

Arts, Media, and Entertainment Pathways and Programs

School	Pathway/Program	Description
Bullard High School	Standalone arts courses available	Bullard offers courses in Video Production, Cinematography, and Digital Photography.
Cambridge High School	Standalone arts courses available	Cambridge offers a course in Multimedia.
CART	Digital Media and Graphic Design Lab ; Digital Video Production and Broadcasting Lab ; Interactive Game Design Lab	<p>Digital Media and Graphic Design Lab: Students develop skills in communication and message design including color, typography and design principles. They investigate graphic and web techniques in cooperative teams similar to corporate settings. Design students will work on all stages of production using industry-standard software (i.e. Adobe CC) to create original products such as logos, posters, newspapers, advertisements, websites and two-dimensional animation.</p> <p>Digital Video Production and Broadcasting Lab: Students develop skills in television and film production. Using industry-standard software packages (i.e. Adobe CC), students will engage in hands-on, integrated curriculum. They work on all stages of production while creating products such as short films, advertisements, journalism broadcasts, and documentaries. All multimedia students develop skills in the content and presentation of message design, the sociological impacts of media, and the stages of the production cycle.</p> <p>Interactive Game Design Lab: Students learn about graphic design, animation, modeling, gameplay and story design while working in teams to create original games and characters rendered in 2D and 3D. Students are introduced to industry standard software such as 3D Studio Max, Unity 3D, Construct 2, and have the opportunity to learn HTML5/CSS3/JavaScript programming skills.</p>
Duncan Polytechnical High School	Standalone arts courses available	Duncan offers courses in Digital Photography and Video Production.
Edison High School	Technical Theater	Technical Theater covers design basics of set, props, costumes, make-up, lights, sound, stage management, box office, house management and Technical Theater careers.
Fresno High School	Warrior Entertainment	The Warrior Entertainment program introduces students to the technology and development of film and television through writing, producing, directing, filming and editing their own original films.
Hoover High School	Arts, Media, and Entertainment	A Linked Learning pathway built for the 21st century offering students the opportunity to explore and learn in the areas of Multimedia, Photography, Film and Theater. Working with the latest in industry standards for video and photography, students will apply techniques from the latest software and produce content that prepares them for college and career.

School	Pathway/Program	Description
McLane High School	ArtVenture	An award-winning and nationally recognized California Partnership Academy offering students an engaging, art-driven education in art and graphic design.
Roosevelt High School	Video Production	Roosevelt offers courses in Video Production and Videography.
Sunnyside High School	Multimedia and Marketing; Video Production Academy	A Linked Learning pathway and a California Partnership Academy examining the use of photography and videography in the marketing and entertainment industry sectors.
