

Business and Finance Pathways and Programs

School	Pathway/Program	Description
Cambridge High School	Small Business Management	This program explores leadership styles and economics, personal finance and soft skills, while providing a background in business.
CART	Business and Finance Lab	In addition to learning how to manage and invest money, students also investigate what it takes to create and own a business. Students study human behaviors of producing, distributing, and consuming materials, goods, and services in a world of limited resources. They learn how the financial services industry works as they strengthen the analytical, technical and communication skills needed to succeed in any economy.
McLane High School	Finance and Entrepreneurship - Banking	A Linked Learning pathway preparing students for a career in the areas of banking and business by offering internships in a financial institution as well as work-based learning opportunities in investments, business management, marketing, and self-employment.
